

## GOVERNMENT GIRLS DEGREE COLLEGE AHIRLAULA, AZAMGARH

Government Girls Degree College, Ahiraula, Azamgarh, is committed to deliver a conducive and resourceful environment for its students, offering a **range of facilities** designed to enhance their learning experience and advance their skills, categorized into Academic and Non-Academic domains.

### **Academic Facilities**

The college boasts state-of-the-art infrastructure to support modern pedagogical practices:

- **Smart Class (07):** Seven dedicated Smart Classrooms are equipped with modern teaching aids, including interactive displays and internet connectivity. These facilities promote dynamic teaching methods, leveraging digital content and multimedia to make learning more engaging and effective.
- **Digital Seminar Hall (01):** A spacious Digital Seminar Hall serves as a central venue for academic discussions, workshops, guest lectures, and student presentations. Equipped with high-quality audio-visual equipment, it facilitates large-group interaction and scholarly exchange.
- **Central Library:** The well-stocked Central Library is the academic heart of the institution, housing a vast collection of textbooks, reference materials, journals, periodicals, and E-resources, supporting diverse academic disciplines and research needs.
- **Reading Hall:** A quiet and focused environment for studying, research, and examination preparation is provided by an independent Reading Hall, which is located alongside the library and is available to students outside of class hours.
- **E-Learning Lab:** The dedicated E-Learning Lab provides access to digital resources, online courses, and research databases, enabling students to engage in self-paced learning and explore educational content beyond the traditional curriculum.
- **Computer Lab:** A fully equipped Computer Lab offers students hands-on access to modern computing facilities, high-speed internet, and relevant software packages essential for their coursework and skill development in the digital age.
- **Audio-Visual Lab (Under Construction):** An Audio-Visual Lab is currently under construction to further enhance the pedagogical tools available. Once operational, this lab will be dedicated to facilitating educational content creation, language practice, and multimedia-based instruction.
- **Common Room for Students:** A designated Common Room offers a space for students to relax, interact, collaborate on projects, and engage in informal discussions, fostering a sense of community and peer learning.

- **Ramp for *Divyangjan*:** A dedicated, accessible ramp is available for ensuring full inclusivity and ease of movement for *Divyangjan* (a respectful Hindi term for persons with disabilities) within the premises.

### **Non-Academic and Essential Support Facilities**

Beyond academics, the college ensures essential amenities and a secure campus environment:

- **Cycle Stand/Parking:** Secure and organized parking facilities are provided for students' bicycles and two-wheelers, ensuring convenience and safety for commuters.
- **RO Drinking Water:** Access to safe and clean drinking water is prioritized through the installation of multiple Reverse Osmosis (RO) water purification units across the campus.
- **Sport Items and Facilities:** The college provides various Sport Items and facilities, including a Small Sport Ground, to encourage physical fitness, teamwork, and overall well-being. Students are encouraged to participate in indoor and outdoor sports.
- **Secure CCTV Surveillance:** The entire campus is monitored by a network of Secure CCTV cameras to ensure the safety and security of students and staff, creating a protected and controlled environment.
- **Water Head Tank:** A dedicated Water Head Tank ensures a consistent and reliable supply of water across all facilities within the college premises.
- **Hostel for Students:** The availability of a Hostel for Students provides a secure, comfortable, and supportive residential environment for outstation students, aiding their focus on academics.
- **Electric Generator (Eco-Friendly):** The college is equipped with an Electric Generator to ensure uninterrupted power supply for all academic and administrative activities. The generator is chosen and maintained with an emphasis on being Eco-Friendly, minimizing environmental impact.
- **Plastic-Free Clean Campus Initiative:** The college actively promotes a healthy and sustainable environment by strictly enforcing a Plastic Free Clean Campus policy, encouraging responsible waste management and environmental consciousness among the student body.
