

INSTITUTIONAL DEVELOPMENT PLAN (IDP)

Action Taken Report (ATR) & Review: 2025–26 Odd Semester

Government Girls Degree College, Ahiraula, Azamgarh

The institution has successfully solidified its alignment with national regulatory frameworks, securing vital benchmarks for institutional quality and future federal funding.

Objective	Status	Action Taken / Remarks
NIRF Registration	Completed	Benchmark data successfully submitted for the current cycle to evaluate institutional performance.
NAAC Registration & IQAC	In Progress / Sustained	Cycle I initial registration is complete. The Internal Quality Assurance Cell (IQAC) held its quarterly progress meeting on 27th May 2026 , to review institutional benchmarks and quality audits.
UGC 2(f) & 12(B) Recognition	On Track	2(f) status is secured. The formal compilation of documents is ready; the official proposal letter for 12(B) recognition is scheduled for dispatch to the UGC in July–August 2026 .
AISHE Data	Completed	All relevant multi-dimensional institutional data for the All-India Survey on Higher Education successfully locked and uploaded.
National Education Policy (NEP 2020)	Implemented	Curricular structures, skill-development models, and continuous internal assessments have been fully operationalized across departments.
Website Upgrade	Completed	Portal fully upgraded to meet dynamic UGC transparency mandates, featuring dedicated sections for student resources, IQAC, and institutional reports.

Infrastructure & Digital Transformation

Substantial milestones funded primarily through the **PM-UShA** initiative have transitioned the campus into a tech-enabled, modern learning ecosystem.

- **Smart Classrooms:** Fully operational, actively integrating digital learning tools into daily lectures.
- **Digital Learning Hub & E-Studio:** Construction, structural layout, and advanced technical setups for the E-Studio and Seminar Hall are now structurally completed to fully support blended learning.
- **Campus Connectivity:** High-speed internet backbone and seamless campus-wide Wi-Fi networks are active.
- **Computer Laboratories:** Fully equipped with updated hardware and specialized software, open for regular undergraduate practical sessions and digital literacy programs.
- **Campus Security:** Comprehensive CCTV surveillance grid is fully operational across all administrative, academic, and common campus blocks.

Student Support, Research & Institutional Linkages

The Even Semester marked a major shift toward community engagement, research output, and job-readiness.

- **Skill Development & Corporate MoUs:** A formal **Memorandum of Understanding (MoU)** was officially signed on **09th March 2026**, with a prominent local foundation to run specialized student skill development and employment training initiatives.
- **Seminars & Workshops:** The proposed roadmap for National and International Seminars was successfully executed through March and April 2026, focusing on modern themes like AI integration, sustainable development, and gender-inclusive policies.
- **Institutional Innovation Council (IIC):** Active implementation of workshop directives (to foster entrepreneurial mindsets among undergraduate students).

Physical Education, Wellness & Institutional Celebrations

Campus wellness infrastructures and co-curricular milestones were successfully celebrated during this academic timeline.

- **Sports Infrastructure:** Leveling, boundary marking, and comprehensive maintenance of the sports ground have been completed.
- **Gymnasium:** The modern fitness center is fully operational, featuring updated equipment to promote physical wellness among female students.
- **Institutional Events:** The college successfully organized and documented the **77th Republic Day Celebration** and flag-hoisting ceremony on 26 January 2026, followed by a formal press release.

Executive Summary:

The academic year 2025–26 concludes with a **65%+ completion rate** of the infrastructure projects envisioned under PM-USHA. With smart learning facilities and strategic MoUs finalized, the absolute priority for the upcoming cycle (July–August 2026) remains the formal submission of the UGC 12(B) application and preparing the campus for the preliminary NAAC binary assessment.
